

Tennessee Silencer
Making Tennessee a quieter place.

TENNESSEE SILENCER TERMS

Background fee is \$35.00 for the first gun and \$10.00 for each additional gun to be paid directly to Tennessee Silencer.

For lot winners who are having Tennessee Silencer ship the firearms to Your Local Dealer:

- You will need to email a copy of your dealer's federal firearms license to sales@tennesseesilencer.com, preferably with a copy of your paid receipt, before they can begin the shipping process.
- Once you have emailed a copy of your license to Tennessee Silencer, they will begin boxing items in order of ease to ship. They tend to ship handgun lots first, but ultimately the items will go in the order of whoever has sent their license and a paid receipt to them the earliest.
- After Tennessee Silencer receives your license and a copy of your paid receipt, they will be contacting you with your total shipping cost w/handling, which you can pay them for over the phone via card or by mailing them a check. Shipping will be cost of postage + \$35 handling fee. Each additional firearm is an additional \$10 handling fee.
- Out of state customers also have the option to pick up any long guns in person at the store as long as it is legal in their state. Handguns must be shipped to their local dealer in their state per TN law.
